

2019 CLMP WAIVER FORM

INSTRUCTIONS

- All individuals participating in 2019 CLMP monitoring programs need to provide the requested information, sign and date this waiver form.
- This waiver form does **not** need to be completed and returned with the registration form. It may take some time to lineup all the necessary monitors and acquire their signatures. Since many CLMP monitoring projects have limited enrollment you do not want to wait to submit your application form and fees to secure your lake's place in the monitoring programs.
- **However, this waiver form must be completed and returned to MLSA before sampling begins.**
- **The box on this page is for your monitoring coordinator.** With over two hundred fifty lakes, and possibly as many as 400 to 500 monitors involved in the CLMP each year, it is not possible for MLSA to communicate with each monitor. Therefore each lake association and corporation is asked to assign one volunteer monitor as coordinator. This individual will be MLSA and DEQ's primary contact at your lake. When necessary this person will be responsible for providing local information to MLSA and DEQ, scheduling side-by-side sampling with the DEQ, receiving sampling materials, assuring that volunteer samplers have received the necessary training and distributing written information.
- The boxes on the next page are for other volunteers who participate in the program. If more spaces for volunteer monitor information and signatures are needed than provided by the form, please duplicate the form and submit all. The completed waiver forms should be submitted to **MLSA, PO Box 303, Long Lake, MI 48743.**
