

Macroinvertebrate Monitoring Gear

Updated Jan 2023

For each monitoring team, you will want the following gear.

ITEM	PRICE (2023) Does not include possible shipping costs	SOURCE	NOTES
Five-gallon bucket	\$5-15	Hardware stores	To store your gear, and also makes for decent stools. A bucket is convenient, but other storage systems of your choice can work just as well.
D-Frame Collection Net Option 1	\$108.00	www.fishersci.com Search LaMotte net	Plastic, with expandable handle. Nets should be 1 mm (1000 um).
D-Frame Collection Net Option 2	\$200.97	Wildco https://shop.sciencefirst.com/wildco/750um-d-frame-dip-net/7713-d-frame-net.html	Wood Handle. Nets should be 1 mm (1000 um).
Waders	\$50-\$125	Amazon or sporting goods stores	Get a variety of sizes. The Cabela's Three Fork Lug Sole Chest Waders are a classic choice that can last 10+ years with proper care, but you can find cheaper alternatives nowadays.
Sorting Tray Option 1 (Standard White Tray)	\$80 for 6 trays	https://www.amazon.com/Regal-Pak-6-Piece-Plastic-Stackable/dp/B00B7MCLIE/ref=sr_1_5?crid=292HUR0STNVC1&keywords=Deep+Plastic+Tray+white+2+inches&qid=1673468744&prefix=deep+plastic+tray+white+2+inches%2Caps%2C118&sr=8-5&ufe=app_do%3Aamazon1.fos.18630bbb-fcbb-42f8-9767-857e17e03685	If this particular item goes away, look for white plastic deep trays. Get something at least 2-4 inches deep. If it is too deep, it can become hard to find specimens. You want 4 per team.
Sorting Tray Option 2 (White Refrigerator Pan)	\$25-\$40	Stores that sell refrigerators. (These are the pan that go under a fridge or freezer in case of leakage). https://www.homedepot.com/b/Appliances/Pan/N-5yc1vZbv1wZ1z1bx9p	This is a cheaper alternative option that works well; a really big white tray that takes up considerable room in a vehicle and in storage but is easy to find bugs on. Buy 2 per team.
Forceps	\$1.16 each	https://shop.sciencefirst.com/wildco/invertebrate-counting-trays/6572-forceps-straight.html	You want to have at least 3 forceps for each group that goes out; more if the team is large.

Eye Droppers	\$3.99 for 20	Amazon, Rienar White 3 ML Plastic Eye Dropper	Get plastic eyedroppers then cut off the tips to make the openings wide enough to capture small insect
Specimen Jars	~\$1.00 each, purchasing a case (288 jars) may be required	www.mjspackaging.com, 2 oz. flint glass AC jar, 38-400	2 oz jars; glass or plastic, but they need to have airtight seals. The linked jars are expensive but high quality; alternatives are welcome at your discretion. Look for 2 oz jars that come with sealed lids.
Lids for the Jars	~0.31 each	www.mjspackaging.com, 38-400 black Phenolic closure with polyseal cone liner	These poly-seal lids fit the recommended jars above.
Ice Cube Trays	\$5-10	Amazon or most general merchandise stores	Optional. Useful if the volunteers want to sort their macros on site.
Reusable water bottles	\$2-10	Everywhere; ask for donations from volunteers	Optional. Have some river water in a bottle is useful for wetting the samples, washing debris from the bottom of your net, and getting macros to swim & be more visible. Use a plastic, squeezable bottle that can expel water with some force (like a bike water bottle).
Tarps/plastic sheeting	\$20	Hardware stores.	Optional. A tarp is something for the volunteers to sit on instead of the wet ground. Buy a roll of plastic sheeting from a hardware store and cut it into usable pieces. Spray, dry and refold it after every event.
Garbage Bags	\$10-20	Hardware and general merchandise stores.	Optional. For small scale trash that your volunteers will find while doing their monitoring work.
1 Decontamination Kit (see below)			Required. Clean your gear before you go to any other location to prevent spread of nonnative species.

DECONTAMINATION KIT CONTENTS (See: <https://www.hrwc.org/volunteer/decontaminate/> for instructions and full list of gear. The below equipment makes up the barebones required elements)

ITEM	PRICE (2020)	SOURCE	NOTES
Three to five-gallon bucket	\$5-10	Any hardware store	Contains your decontamination gear.
Lint Roller	\$2-4	Amazon and general merchandise stores	
Spray bottle for diluted bleach (8 oz or larger)	\$1-5	Amazon and general merchandise stores	
Spray bottle for tap water (16 oz or larger)	\$1-5	Amazon and general	

		merchandise stores	
Soft-bristled scrub brush	\$4-6	Amazon and general merchandise stores	
Hoof pick	\$5-10	Amazon and farming stores	

OTHER GEAR TO HAVE HANDY:

ITEM	PRICE (2023)	SOURCE	NOTES
Ethanol (preservative)	\$40/gallon.	Amazon	Many scientific supply companies' sell ethanol; currently Amazon seems to sell it for the cheapest because of the free shipping. Use 70% ethanol as an insect preservative. You can buy higher strength and dilute it down.
Spare net bags for the Plastic D-Nets	\$23.75	www.fishersci.com Search LaMotte net	Your net pole will last for years; your net bags will last 3-10 years. These are replacements.
Spare net pieces for the Wildco D-Nets		https://shop.sciencefirst.com/wildco/533-replacement-parts-for-d-frame-dip-nets	
Reel-style measuring tapes	\$20	Hardware store	Optional. Useful in MiCorps habitat studies.
Yardsticks	\$10-20	Hardware store	Optional. Useful as a depth measurement.
Bleach		General merchandise store	Replace it every year as bleach goes bad. Used in the decontamination kits.

MACROINVERTEBRATE BIBLIOGRAPHY (sorted from least to most technical):
